

OrchestrateHR

A RELATIONSHIP WITH YOU IN MIND...

As a 50 year old HR technology and benefits company, OrchestrateHR offers multiple services under one roof geared toward reducing operational and benefit costs to practices. The core services include human resource technology, human resource consulting, employee benefits consulting, third party administration, and managing general underwriting. Through our wholly owned, single architecture Oracle HRMS platform, we are able offer customized benefit and/or HR solutions to our practice clients.

Some of the services most often used...

- Health Insurance
- HR Consulting
- Complete Employee Payroll / Tax Filings
- Consolidated Billing
- Third Party Administration (TPA) / FLEX / Cafeteria Plans

OrchestrateHR has worked with thousands of clients around the country. Not only evaluating and enhancing their benefit plans (to meet federally complaint guidelines), but reducing the benefit cost to the practice as well. Through our relationship with Physician Services, OrchestrateHR is able to offer these services to your practice at a significant savings. Please let us know how we might be of service to you.
